RACER CHECKLIST

☐ Check your class rules and required safety gear.
☐ Complete registration and Waiver before arriving.
☐ Pass tech inspection, then bring your tech sheet to registration.
☐ Collect and attach your racer number plate.
☐ Attend the drivers meetings.
☐ Check the running order and be ready at staging.
☐ Questions? Ask an official before racing.

1. GENERAL TRUCK RULES

1. All racers must have their trucks, buggies or side by sides pass Tech Inspection.
2. Completed tech sheets must be submitted to Registration (required even for pre-registered racers).
3. All vehicles must pass inspection with **functional four-wheel drive**.
4. All racers must wear:
    - Helmet (DOT, Snell, or better)
    - Long sleeves, pants, or a proper race suit
5. **No loose objects** allowed in the cab or truck box.
6. All body panels and doors must be secured.
7. All vehicles must be driven safely in pits — **no speeding, joyriding, or hot-rodding**.
8. **Co-pilot allowed** only if:
    - Vehicle has a proper roll cage, T-bar or rollover bar that protects both occupants.
    - Co-pilot must have the same safety gear as driver including seats and harnesses.

---

2. TECH & REGISTRATION (MANDATORY – NO LATE ENTRIES)

- Tech Inspection **must** be completed before a racer may compete.
- Upon arrival, racers must report to Tech and complete an inspection before registering.
- After inspection, racers **must** bring their tech sheet to Registration to complete sign-in.

Tech Inspection Hours

- Friday afternoon
- Saturday morning

Tech Cutoff: Saturday at 10:30 AM
Registration Cutoff: Saturday at 10:50 AM

Late entries delay the show and will not be accepted.

---

3. WAIVERS

All racers must complete the online **Waiver** before event weekend. Racers must show a screenshot of their completed waiver at Registration. If the waiver is not completed beforehand, a **$10 on-site fee** applies.

---

7. TRUCK RACING CLASSES

Drag Racing Classes

- **Street/ Modified**
- **Unlimited**
- **Side-by-Side (UTV)**

---

8. CLASS RULES – DRAG RACING

STREET/ MODIFIED CLASS

- Any Truck, Truggy, Mud Truck or Buggy-type vehicle.
- Any tires allowed.
- Can run any engine configuration with **limited modifications**.
- Large power adders may bump vehicle into Outlaw at Tech's discretion.
- **Pump gas only.** No nitrous, no turbos, no superchargers.
- No performance power adders.
- Co-pilot allowed but must have required harness, seat and safety gear equivalent to that of the driver.

COPYRIGHT PROTECTED

UNLIMITED CLASS

- **Run what you brung**
- **No limits on engine configuration.**
    - Turbos, superchargers, nitrous all allowed.
- Any tires allowed.
- Includes Mega Trucks, Bouncers, Buggies, custom competition builds.

SIDE BY SIDE CLASS (UTV)

- Sport, racing or modified side by sides with structurally sound roll cages.
- If your machine was previously in a rollover and the cage integrity has been impacted Tech may not allow you to race.
- 4-point harness and window net, or wrist restraints **required**.
- Any tires allowed.
