WELCOME TO THE MUD DRAGS

Welcome to 100 Mile Horsepower Ranch! Whether you are returning or lining up for your first race, we are glad you are here. Read the requirements for your class, prepare your machine and safety gear, and ask questions before registering. Our officials and volunteers are here to help keep the weekend organized and welcoming.

RACER CHECKLIST

☐ Check your class rules and required safety gear.
☐ Complete registration and Waiver before arriving.
☐ Pass tech inspection, then bring your tech sheet to registration.
☐ Collect and attach your racer number plate.
☐ Attend the drivers meetings and course walkthroughs.
☐ Check the running order and be ready at staging.
☐ Questions? Ask an official before racing.

General Racer and Site Rules

1. All Racers who participate in this event agree upon entering the property that they are doing so at their own risk and agree to accept total responsibility for anything that may happen to them.
2. Racers, their pit crew and families must always wear their wristbands.
3. All Racers, Pit crew and Volunteers must complete the **Waiver** prior to arriving.
4. All Racers require appropriate safety gear. See Safety Gear section below for more details.
5. All Racers MUST attend the driver's safety meeting held before each race day.

Tech Inspections and Registration Steps

1. Upon arriving at the track please see a Tech Inspector to have your vehicle inspected.
2. Tech Inspections must be completed to race. Inspections will be completed Friday and Saturday.
3. Once your tech sheet is done Racers must bring Tech sheets to registration to finalize registration.
4. Tech and Registration will officially close Saturday at 11:30am. No late entries!
5. Tech reserves the right to decline an unsafe entry but will only do so in extreme situations.

Number Plates

1. Number plates will be given out at the drivers meeting, please zap strap your number plate to the front of your vehicle where it's visible to track officials.
2. Return number plated to registration at the end of the race weekend.

Professional Etiquette

1. Drugs and alcohol are prohibited during event hours. Impaired drivers and their vehicles are disqualified for the remainder of the event, with no registration refund.
2. No high-speed driving or hot-rodding by any motorized vehicles including race vehicles and pit vehicles. Please use care and watch for pedestrians and children.
3. Quiet time is from 10pm to 8am. Respect your fellow campers.
4. Treat everyone with respect. Aggressive language, threats or abuse toward attendees, volunteers or officials will not be tolerated.
5. No riding on exterior of any vehicles including pit vehicles, buggies or race trucks. If a vehicle is moving the driver and any passengers must be seated correctly inside vehicle at all events.
6. Upon entering the site, all operators of any type of Pit vehicle agree to ride at their own risk. The use of helmets when operating ATV's, Bicycles, E-bikes and Scooters is highly recommended.
7. Racers are responsible for fluid spills. Notify a track official for help with spill kits and contaminated soil disposal.

COPYRIGHT PROTECTED

SIDE BY SIDE CLASS

1. Side-by-Sides must have functional four-wheel drive and tires in usable condition. Bald tires are not permitted.
2. A factory roll cage or better is required. The cage must be structurally sound. Tech may refuse a damaged or compromised cage.
